

Easy Field Gate Closer Bracket for Behind Post Hinge Arrangements Suitable for use with Easy and Easy Plus Gate Closers

By using a bracket for behind post hinge arrangements, both the Easy 600 and Easy 600 Plus gate closers can be fitted to field or driveway gates with behind post hinge arrangements (please refer to Easy and Easy Plus gate closer information which is available from WWW.GATECONTROLGEAR.COM).

This bracket is designed for use with 3.0 to 3.6m wide field and driveway gates and is not required when fitting an Easy or Easy Plus gate closer to pedestrian gates up to 2.0m wide.

Overview

- Made from zinc plated steel
- Maximum opening angle 90°
- Maximum gate width 3.6m (100kg)
- Suitable for fitting to timber or metal gates
