

Lokk-Latch Deluxe

LokkLatch® DELUXE is a more compact version of the LokkLatch® PRO-SL, which has been installed on thousands of privacy and security gates throughout the world.

Offering superior security and durability thanks to its tough, 100% rust-free construction, LokkLatch® DELUXE is a great solution for a wide variety of gates and applications.

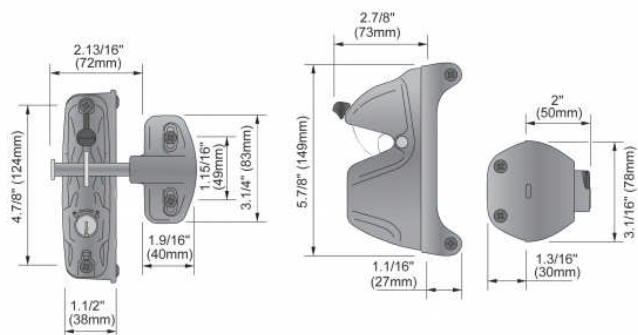

The one model is suitable for installation on metal, wood and vinyl gates. Its 6-pin locks can also be keyed-alike with other D&D products for maximum convenience.

LokkLatch® DELUXE comes with an External Access Kit, which means it can be easily locked and operated from both sides of a gate.

It has also been tested to over 200,000 cycles, so you can be sure it's going to last.

- Manual key locking from both sides of gate
- Vertically & horizontally adjustable
- One model fits metal, timber or vinyl gates
- Option to key alike with similar gate hardware
- Fits up to 6" (150mm) deep posts
- Latch pin made from 316-grade stainless steel
- Easy installation with simple instructions
- No special tools required
- Body made of super-strong engineering polymer
